## Summary

As the Founder & CEO of Student Tribe, I lead a student discovery platform that helps students from tier 2 and tier 3 colleges find opportunities and network with fellow students. I have been building this platform since 2015, when I launched it as stuMagz, a student community to discover internships, opportunities, and student events. I am a Forbes 30Under30 Asia 2018 honoree and a Charter Member at TiE Hyderabad, a global network of entrepreneurs and investors.

I am passionate about empowering students to discover themselves and their potential through education and entrepreneurship. I have trained more than 300,000+ students on Entrepreneurship, soft skills, interview skills, and recruitment tests, and helped them in their career decisions and opportunities. I also help brands to do their student outreach and identify student talents through Student Tribe. My mission is to create a platform or a channel for under25 that enables them to learn, grow, and succeed.
